* [REDACTED] Comment. [REDACTED] an office of the Army Hq of the Second Gds Lecz Army in Fuerstenberg until 3 October 1952. [REDACTED] the Hq 1st Lecz Div in Doeberitz until 7 October 1952. The first two trains reported in paragraph 1 of the present report probably carried recruits for the above mentioned division. The mortar unit of the 1st Lecz Div, which was entrained on 6 October and detrained on 9 October, probably engaged in firing practices at Jueterbog. [REDACTED] The train loaded on 3 October probably carried engineer equipment to the engineer equipment depot of the Second Gds Lecz Army which is believed stationed in Altluedersdorf.

** [REDACTED] Comment. According to information contained in four other reports, the first train unloaded in Doeberitz arrived on 27 September. The train carried units of the 10th Gds Tank Div which returned from Jotaling Hoath. See [REDACTED] Information contained in paragraph 2 of the present report indicates that at least part of Altes Lager in Doeberitz is occupied by units of the 1st Lecz Div.

*** [REDACTED] Comment. The tanks reported in paragraph 3 belong to the 1st Lecz Div. They may have belonged to a tank detail of the division, which returned from firing practices at Jueterbog. A similar detail had been there for firing practice in late September 1952. [REDACTED] The strength figures for the occupation of the Loewen Kaserne reported in the present report indicate no changes over the reference report of late September.
